

C-PVC BUNGALOWS & PEDESTALS

Craftsman architectural style in easy-to-use Cellular PVC

Components designed to center wrap around a nominal 4" X 4" wood post.

As a field assembled kit, the precut C-PVC panels feature a finger-lock joint routed in to the edges, allowing the components to snap into place, eliminating the need to glue up corners.

Tapered Square Bungalows can be used in conjunction with C-PVC Pedestals as shown, or with other base materials to meet your aesthetic preference.

Pedestals can be used to wrap around structural Pro-Cast or Pro-Lite columns to create even more design options.

C-PVC BUNGALOWS

| Nominal Width (Base) | Nominal Width (Neck) | Height |
|----------------------|----------------------|---------------|
| 12" | 7" | 60", 66", 72" |
| 16" | 9" | 60", 66", 72" |

C-PVC PEDESTALS

| Post Width | Heights | Smooth Panel | Recessed Panel | Raised Panel |
|------------|----------|--------------|----------------|--------------|
| 10" | 48" | • | • | • |
| 12" | 36", 48" | • | • | • |
| 16" | 36", 48" | • | • | • |
